SECTION I – Introduction to Summary of Benefits

This document gives you a summary of what we cover and what you pay. It does not list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and request the 2026 *Evidence of Coverage*.

You have choices about how to receive your Medicare prescription drug benefits.

- One choice is to get prescription drug coverage through a Medicare Prescription Drug Plan (PDP), like Empire Plan Medicare Rx.
- Another choice is to get your Prescription Drug Coverage through a Medicare Advantage Plan (MAP, also known as Part C), like a Health Maintenance Organization (HMO) or Preferred Provider Organization (PPO), or another Medicare health plan that offers Medicare Prescription Drug Coverage (Part D). You get all of your Part A, Part B and Part D coverage through these plans.

Be sure you understand how enrolling in another Medicare plan will affect your NYSHIP coverage.

- **It is important to understand NYSHIP rules regarding enrollment in Medicare, and how enrolling in another Medicare plan will affect your Empire Plan benefits before you submit a request to enroll in a plan outside of NYSHIP or submit a request to cancel your enrollment in Empire Plan Medicare Rx.**

If you choose to enroll in a Medicare PDP or Medicare Advantage Plan outside of NYSHIP, your Empire Plan coverage will end and you will be disenrolled from all Empire Plan health insurance coverage, including medical/surgical, hospital, mental health/substance use and prescription drugs.

Who can join?

To join Empire Plan Medicare Rx, you must be enrolled in The Empire Plan, be enrolled in Medicare Part A and/or Medicare Part B, be a United States citizen or be lawfully present in the United States, and live in the Empire Plan Medicare Rx service area. Empire Plan Medicare Rx is available in the United States and its territories.

Which drugs are covered?

To see the complete plan Formulary (list of Part D prescription drugs) and any restrictions, call Empire Plan Medicare Rx at The Empire Plan phone number on the last page of this booklet and we will send you a copy of the Formulary. You may also access the complete plan Formulary online at www.empireplanrxprogram.com.

Empire Plan Medicare Rx does not cover drugs that are covered under Medicare Part B as prescribed and dispensed. Empire Plan Medicare Rx has elected to cover certain drugs not covered under Medicare Part D as prescribed and dispensed as part of a supplemental benefit (also referred to as the “Wrap” or “Other Health Insurance (OHI).” Please contact Empire Plan Medicare Rx if you have any questions regarding your supplemental benefit.

How will I determine my drug costs?

Our plan groups each medication into one of three "tiers." You will need to use your Formulary to locate which tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and which stage of the benefit you have reached.

Later in this document, we discuss the three benefit stages in your Medicare prescription drug coverage: Deductible Stage, Initial Coverage Stage, and Catastrophic Coverage Stage. As you move from stage to stage, the amount you and Empire Plan Medicare Rx pay for your drugs may change. For more information about the plan's Formulary tiers and stages of the benefit, please see the plan's 2026 Formulary and the 2026 *Evidence of Coverage* on our website at www.empireplanrxprogram.com, or contact The Empire Plan at the number listed on the last page of this document.

Please note: NYSHIP provides supplemental coverage that may differ in structure from the primary benefit and also cover additional medications. There may be instances where your cost share may be more or less when it is paid by the supplemental coverage. If you are unsure about the cost share of the supplemental coverage or which drugs may or may not be covered, please contact The Empire Plan at the number listed on the last page of this document to verify drug coverage.

Which pharmacies can I use?

We have a network of pharmacies where you can fill your prescriptions and pay only your normal cost share for covered drugs. Your cost may be greater if you use an out-of-network pharmacy to fill your prescriptions. If you go to an out-of-network pharmacy, you must submit a paper claim in order to be reimbursed. In most cases, you will not be reimbursed the total amount you paid for the prescription.

To request a copy of our plan's 2026 *Pharmacy Directory*, please call Empire Plan Medicare Rx, at The Empire Plan number listed on the last page of this document, and we will send you a copy. Or visit our website at www.empireplanrxprogram.com to use the pharmacy locator tool. If you have any questions about this plan's benefits or costs, please contact Empire Plan Medicare Rx for details.
